

KENYA DIABETES MANAGEMENT
AND INFORMATION CENTRE

<https://dmi.or.ke/?jobs=3456>

DIABETES NURSE EDUCATOR

Description

The **Kenya Diabetes Management and Information Centre (DMI Centre)** is a not-for-profit registered medical charity founded in May 1999 with aim of educating the public about diabetes. This was in response to the alarm raised by various international and local organizations about the increase in the number of people diagnosed with diabetes.

DMI Centre provides service to people with diabetes, their caregivers, healthcare providers, the general public and other stakeholders involved in diabetes. It raises public awareness in, and for prevention, diagnosis and management of diabetes.

OVERALL PURPOSE OF THE JOB

To ensure effective and efficient development, management and administration of Kenya Diabetes Management and Information Centre (DMI) projects and programs.

Responsibilities

KEY DUTIES AND RESPONSIBILITIES

1. Promote the mission, vision, and values of the DMI centre.
2. Assess, plan, implement nursing interventions, and evaluate patients' outcomes.
3. Triage patients.
4. Dispense insulin and other care supplies.
5. Provide appropriate healthcare services such as reproductive health to the youth.
6. Provide health education and counseling to patients/clients and the community on identified health needs.
7. Implement recommendations from research findings for improvement of care.
8. Refer patients and clients appropriately.
9. Maintain records on patients' health conditions and care.
10. Ensure a tidy and safe clinical environment and identify occupational health needs.
11. Prepare periodic reports on project education activities.
12. Any other duties as assigned by the DMI board/program manager

KEY PERFORMANCE INDICATORS

- i. Development and use of tools for planning, implementation, and reporting of project education activities.
- ii. A number of education health sessions held for the youth.
- iii. Accuracy and timeliness in reporting project education activities.
